

# Final Tier 1 Environmental Impact Statement and Preliminary Section 4(f) Evaluation

**Appendix H6, Form Letter Comments on Draft Tier I EIS and Responses**

July 2021

Federal Aid No. 999-M(161)S  
ADOT Project No. 999 SW 0 M5180 01P

This page intentionally left blank.

ADOT received 8,751 individual comments on the Draft Tier 1 EIS that originated from national email campaigns. National email campaign comments were associated with the National Parks Conservation Association, Sierra Club, Every Action Custom, and Know Who. The comments consisted of four form letters. Each comment is inventoried and responded to in the tables that follow. The form letters are included before the table.

Several individuals customized language to personalize the form letters, but this customization did not change the overall content of the comment. The unique submissions are presented after the form letters.

Standard responses were prepared to provide broad responses to the most frequently raised issues and to supplement unique comment responses. Standard response codes referenced in comment responses correspond to the codes underlined in bold in Appendix H1 (Standard Responses).

The tracking code reported in the table is a unique identifier assigned to each comment as it was received. The purpose of the tracking code is to provide a unique identifier so that each comment can be traced back to its original submission, if needed.

Some comments were submitted multiple times by the same or different commenters. All comments are reported as submitted; any duplicates are the result of the same comment being submitted multiple times.

Personal contact information has been redacted (replaced with XXX) as a courtesy.

**FORM LETTER 1**

Dear Study Team,

As a national park advocate, I am firmly opposed to locating the proposed I-11 freeway to the west of Tucson on the doorstep of Saguaro National Park and adjacent to other important protected public lands.

This is wrong for so many reasons. This "preferred" alternative segment of I-11 would bring noise and congestion to rural valley residents and park visitors. It would pollute the air and degrade the magnificent views from the park and the world-famous Arizona-Sonora Desert Museum. Dark night skies, important to the park's wilderness experience, to the health of wildlife, and to the nearby Kitt Peak Observatory, would be a thing of the past. It is shocking that an important wildlife mitigation area that connects the park to other wildlands to the west would be bisected by this freeway.

I do, however, strongly support the much better and less expensive alternative of co-locating Interstate 11 on existing freeways through Tucson.

Thank you for considering my comment.

**FORM LETTER 2**

Dear Arizona Department of Transportation I-11 Tier 1 EIS Study Team,

The currently proposed I-11 corridor (blue route) bisects Gila River area marshland and agricultural fields that birds, like the federally endangered Yuma Ridgway's Rail rely upon. The corridor would interrupt and further divert water and prevent some water from returning to the Gila River, a critical lifeline for Arizona's birds and other wildlife.

According to the Draft EIS, the Orange Route that follows existing Highway 85, I-8, and I-10 has the least impact to wildlife and riparian areas. I agree and favor the Orange Route through the Gila River area. Please consider this plan.

**FORM LETTER 3**

Dear Arizona Department of Transportation,

I strongly oppose the Recommended Alternative route described in the Tier 1 Draft Environmental Impact Statement for Interstate 11 and question the purpose and need for this harmful proposal. I ask that you pursue the no build alternative and instead invest in the proposal to connect Phoenix and Tucson via passenger rail, tracking the I-10 corridor.

The lands that border this proposed I-11 corridor are treasured and protected public lands, as well as iconic tourist attractions that will be irreparably harmed by a nearby freeway. We cannot afford to sacrifice Saguaro National Park, Sonoran Desert National Monument, and the many state and local protected public lands that would be affected negatively by this proposed freeway corridor.

The Recommended Alternative in the Draft Environmental Impact Statement (DEIS) would sever important wildlife corridors. This fragmentation would destroy the ability of wildlife species such as desert bighorn sheep to disperse, roam, find new mates, and expand their home ranges. It would also further harm desert tortoise populations, which have been on the verge of being listed on the federal Endangered Species list for some time.

Some of the lands and wildlife habitat that would be negatively affected by the Recommended Alternative route include mitigation lands for Pima County's Section 10 Habitat Conservation Plan, a part of the nationally-recognized Sonoran Desert Conservation Plan. This is contrary to what the public would like to see and would take us backwards with our work to recover threatened and endangered species.

The proposed freeway corridor will contribute to further degradation of air quality in the Phoenix area, Pinal County, and Pima County. These areas already suffer from high pollution days related to excessive particulates and/or ozone. With the induced travel that a freeway brings, we will see more of these pollutants, taking us further away from our healthy air quality goals.

Please abandon the I-11 freeway corridor proposal and instead focus on rail and upgrades to existing systems. Thank you for considering my comments. Please keep me apprised of any developments related to the I-11 proposal.

**FORM LETTER 4**

Dear Arizona Department of Transportation,

I'm strongly opposed to any plan to build a new highway through the Avra Valley west of Tucson, and I ask that you avoid this route for several reasons.

- 1) The Interstate 11 recommended alternative would cut through sparsely populated open space and sever critical wildlife corridors. Roadkill caused by the vast increase in vehicle traffic would devastate wildlife, and the resulting urban sprawl would destroy vast swaths of habitat.
- 2) The recommended alternative would pass right next to the Tohono O'odham Nation and such national and regional treasures as Saguaro National Park, Ironwood Forest National Monument, and Tucson Mountain Park. Public lands provide important refuge for wildlife and people alike, and they're a huge contributor to the economic health of our region. Scenic views, air quality, natural quiet, ecotourism and healthy ecosystems — these are the things that we value, and they would all be compromised by the Avra Valley route.
- 3) The recommended alternative passes dangerously close to the land where Tucson recharges and stores water, which could be contaminated by a toxic spill. In an era of increasing drought and decreasing water supplies, risking our water security for a new highway is a terrible idea.
- 4) The need for a new interstate to bypass the city of Tucson has not been well established. Long-term traffic projections are notoriously unreliable, and we're facing a global climate crisis that makes this sort of project even less justifiable. Transportation planners should be doing everything in their power to help us move away from our dependence on fossil fuels. We need forward-thinking solutions, not 20th-century proposals that would exacerbate the problem.
- 5) Even if this new interstate could be justified, it would make far more sense to locate the route alongside I-10 through the Tucson metro area. The Avra Valley route would cost \$3.4 billion more to construct, while doing far more damage. The city of Tucson and neighborhoods adjacent to I-10 support the Tucson urban route and oppose the preferred alternative.

Please listen to the people of southern Arizona and shelve the Avra Valley route – a destructive, outdated proposal that would cause far more harm than good.

Adams	Sue	Every Action Custom	Email	7/1/2019	<p>Dear Arizona Department of Transportation,</p> <p>My letter is written in strong opposition to the Recommended Alternative route described in the Tier 1 Draft Environmental Impact Statement for Interstate 11. First of all, I must question the purpose and need for this harmful proposal given the environmental impact of this latest developer driven boondoggle for our tax dollars. The no-build alternative with investment in passenger rail connecting Phoenix and Tucson on the the I-10 corridor is a far more sensible plan.</p> <p>Saguaro National Park, Sonoran Desert National Monument, and the many state and local protected public lands should not be sacrificed for the sake of this freeway corridor. We must consider the alternative that does less environmental harm both long and short term.</p> <p>Vital wildlife corridors are severed by this proposed freeway and wildlife habitat suffers negative impact. This includes mitigation lands for Pima County's Section 10 Habitat Conservation Plan, a part of the nationally-recognized Sonoran Desert Conservation Plan. This is contrary to what the public - TAXPAYERS - want and only takes us backwards in efforts to recover threatened and endangered species.</p> <p>Additionally, this proposed freeway corridor further degrades air quality in the Phoenix area, together with Pinal and Pima counties. Already suffering from high pollution days related to excessive particulates and/or ozone, a new and unnecessary freeway further deteriorates air quality with associated health risks.</p> <p>I ask that you abandon the I-11 freeway corridor proposal and instead focus on rail and upgrades to existing systems. I appreciate your time and consideration and request updates on the I-11 proposal.</p> <p>Sincerely, Sue Adams XXXXXXXXXXXXXXXXXX Scottsdale, AZ 85250 XXXXX@marketshare-unlimited.com XXX-XXX-XXXX</p> <p>This message was sent by KnowWho, as a service provider, on behalf of an individual associated with Sierra Club. Austin	Craig	Know Who	Email	7/1/2019	<p>Jun 13, 2019</p> <p>EIS Study Team</p> <p>I-11 Tier 1 EIS Study Team c/o ADOT Communications, 1655 W. Jackson Street Mail Drop 126F Phoenix, AZ 85007</p> <p>Dear Study Team,</p> <p>We have been coming to Tucson for years to hike at Saguaro NP East. Our favorite trailhead is at Broadway. Building a freeway near here would totally ruin the neighborhoods adjacent to the park and would seriously negatively impact the park.</p> <p>Please do not build an additional freeway, Instead I support the much better and less expensive alternative of co-locating Interstate 11 on existing freeways through Tucson.</p> <p>Thank you for considering my comment.</p> <p>Sincerely,</p> <p>Ms. Craig Austin XXXXXXXXXXXXXXXXXX Eugene, OR 97405-1639 XXX-XXX-XXXX XXXXX@sbcglobal.net</p>	GlobalTopic_1	I- 272 -1
baldwin	anne	Every Action Custom	Email	6/24/2019	<p>Dear Arizona Department of Transportation,</p> <p>I am strongly opposed to the proposed I-11 highway because it would be irreparably destructive to our habitat, environment and ambiance. We have nurtured our Tucson Mountain vicinity for many years and have also witnessed careless destruction we do not want to see ever again. The rebound of nature cannot withstand such an assault. The proposed I-11 would harm everything in its path.</p> <p>The citizens of Tucson as well as the City Council and Pima County have intimate knowledge of the harm such a highway proposes. They are all vehemently opposed to I-11 and it lacks support of all. Another path alongside or adjunct to the current I-10 is preferable, if such is even needed.</p> <p>Any 'mitigation' of I-11 and its path of destruction would not approach the mass harm caused to people, nature, and the total environment. Please be mindful of the destruction I-11 could unnecessarily cause. The plan for I-11 must be abandoned.</p> <p>Sincerely, anne baldwin Tucson, AZ 85705 XXXXX@hbaldwinlaw.com</p>	GlobalTopic_1	I- 342 -1

Barthelson	Roger		Email	7/4/2019	<p>Dear Arizona Department of Transportation I-11 Tier 1 EIS Study Team,</p> <p>The currently proposed I-11 corridor (blue route) bisects Gila River area marshland and agricultural fields that birds, like the federally endangered Yuma Ridgway's Rail rely upon. The corridor would interrupt and further divert water and prevent some water from returning to the Gila River, a critical lifeline for Arizona's birds and other wildlife.</p> <p>According to the Draft EIS, the Orange Route that follows existing Highway 85, I-8, and I-10 has the least impact to wildlife and riparian areas. I agree and favor the Orange Route through the Gila River area. Please consider this plan.</p> <p>Sincerely, Roger Barthelson XXXXXXXXXXXX Tucson, AZ 85745-1395 XXXXX@cox.net</p>	GlobalTopic_1	I- 400 -1
Batchelder	Jan	Every Action Custom	Email	7/3/2019	<p>Jun 13, 2019</p> <p>EIS Study Team</p> <p>I-11 Tier 1 EIS Study Team c/o ADOT Communications, 1655 W. Jackson Street Mail Drop 126F Phoenix, AZ 85007</p> <p>Dear Study Team,</p> <p>Unfortunately, the State of Florida is also under attack by our representatives/governor approving of new roads to be put through the center of the state. All this will do is split the wildlife corridors and open the area for new development. Putting this new I-11 freeway next to the Saguaro National Park will accomplish the same result.</p> <p>As a national park advocate, I am firmly opposed to locating the proposed I-11 freeway to the west of Tucson on the doorstep of Saguaro National Park and adjacent to other important protected public lands. This is wrong for so many reasons.</p> <p>It is shocking that an important wildlife mitigation area that connects the park to other wildlands to the west would be bisected by this freeway.</p> <p>I do, however, strongly support the much better and less expensive alternative of co-locating Interstate 11 on existing freeways through Tucson.</p> <p>Thank you for considering my comment.</p> <p>Sincerely, Ms. Jan Batchelder XXXXXXXXXXXXXXXXXXXX Lake Helen, FL 32744-3537 XXX-XXX-XXXX XXXXX@stetson.edu</p>	GlobalTopic_1, BR-1, BR-6, and R-2	I- 415 -1

Beck	Kimberly		Email	7/4/2019	<p>Jun 13, 2019</p> <p>EIS Study Team</p> <p>I-11 Tier 1 EIS Study Team c/o ADOT Communications, 1655 W. Jackson Street Mail Drop 126F Phoenix, AZ 85007</p> <p>Dear Study Team,</p> <p>Please not I am extremely opposed to locating the I-11 freeway west of Tucson right next to Saguaro National Park.</p> <p>This area is a wildlife corridor and the land connects the national park with areas that wildlife need to survive. Just because the proposed highway isn't IN the national park, doesn't mean it won't have a detrimental effect ON the national park. Visitor experience would be thoroughly diminished with a busy highway nearby too.</p> <p>I support the much better and less expensive alternative of co-locating Interstate 11 on existing freeways through Tucson.</p> <p>Thank you.</p> <p>Sincerely, Ms. Kimberly Beck XXXXXXXXXXXXXXXXXX Kanab, UT 84741-3557 XXX-XXX-XXXX XXXXX@hotmail.com</p>	GlobalTopic_1, BR-2, R-2, and GlobalTopic_4	I-473 -1
Beetem	Jennifer	Every Action Custom	Email	7/3/2019	<p>Jun 20, 2019</p> <p>EIS Study Team</p> <p>I-11 Tier 1 EIS Study Team c/o ADOT Communications, 1655 W. Jackson Street Mail Drop 126F Phoenix, AZ 85007</p> <p>Dear Study Team,</p> <p>As a member of the National Parks Conservation Association, I strongly urge the EIS team to recognize that building a highway adjacent to Saguaro National Park is neither environmentally wise nor economical.</p> <p>Wildlife corridors are critical to the survival of animal species, particularly as climate change is altering the historic ranges of many species. This highway would create an unnecessary barrier to wildlife that may require costly alterations in the future to add wildlife crossings.</p> <p>Particulate, light, and noise pollution would also increase with the building of this highway, with harmful impacts on flora and fauna. These new pollution sources would also degrade visitors' experiences at the Park, depressing visitor numbers and the local tourism economy.</p> <p>Lastly, this proposed route next to the park would cost billions of dollars more than the in-town alternative! Please look at the numbers and do what is logical, not what will merely enrich the few who will profit from the construction job.</p> <p>Sincerely, Ms. Jennifer Beetem XXXXXXXXXXXXXXXXXX Seattle, WA 98122-0205 XXX-XXX-XXXX XXXXX@gmail.com</p>	GlobalTopic_1, R-2, BR-2, AQ-2, V-1, and N-1	I-489 -1
Beshore	Edward	National Parks Conservation Association	Email	6/13/2019	<p>Dear Arizona Department of Transportation I-11 Tier 1 EIS Study Team,</p> <p>The currently proposed I-11 corridor (blue route) bisects Gila River area marshland and agricultural fields that birds, like the federally endangered Yuma Ridgway's Rail rely upon. The corridor would interrupt and further divert water and prevent some water from returning to the Gila River, a critical lifeline for Arizona's birds and other wildlife.</p> <p>According to the Draft EIS, the Orange Route that follows existing Highway 85, I-8, and I-10 has the least impact to wildlife and riparian areas. I agree and favor the Orange Route through the Gila River area. Please consider this plan.</p> <p>Furthermore, the blue route effectively surrounds Saguaro National Park's West unit, cutting off movement of animals, and threatens to one day surround the park with development. This is not the future I wish to see for Tucson or southern Arizona.</p> <p>Instead, additional development should proceed along existing corridors to ensure a healthy environment for people and the creatures and plants that inhabit this special part of the United States.</p> <p>Sincerely, Edward Beshore XXXXXXXXXXXXXXXXXX Tucson, AZ 85750-1266 XXXXX@mac.com</p>	GlobalTopic_2, R-2, GlobalTopic_4, and BR-5	I-579 -1

Burgess	K.		Email	6/24/2019	<p>Dear Arizona Department of Transportation,</p> <p>I'm strongly opposed to any plan to build a new highway through the Avra Valley west of Tucson, and I ask that you avoid this route for several reasons.</p> <ol style="list-style-type: none"> <li>1) The Interstate 11 recommended alternative would cut through sparsely populated open space and sever critical wildlife corridors. Roadkill caused by the vast increase in vehicle traffic would devastate wildlife.</li> <li>2) The resulting urban sprawl would destroy vast swaths of habitat.</li> <li>3) The recommended alternative would pass right next to the Tohono O'odham Nation and such national and regional treasures as Saguaro National Park, Ironwood Forest National Monument, and Tucson Mountain Park. Public lands provide important refuge for wildlife and people alike, and they're a huge contributor to the economic health of our region. Scenic views, air quality, natural quiet, ecotourism and healthy ecosystems — these are the things that we value, and they would all be compromised by the Avra Valley route.</li> <li>4) Our water must remain safe. The recommended alternative passes dangerously close to the land where Tucson recharges and stores water, which could be contaminated by a toxic spill. In an era of increasing drought and decreasing water supplies, risking our water security for a new highway is a terrible idea.</li> <li>5) The need for a new interstate to bypass the city of Tucson has not been well established.</li> <li>6) Even if this new interstate could be justified, it would make far more sense to locate the route alongside I-10 through the Tucson metro area. The Avra Valley route would cost \$3.4 billion more to construct, while doing far more damage.</li> <li>7) The city of Tucson and neighborhoods adjacent to I-10 support the Tucson urban route and oppose the preferred alternative.</li> </ol> <p>Please listen to the people of southern Arizona!</p> <p>Forget the Avra Valley route — a destructive, outdated proposal that would cause far more harm than good.</p> <p>Sincerely, K. H. Burgess Tucson, AZ 85718 XXXXX@gmail.com</p>	GlobalTopic_1, GlobalTopic_4, R-2, LU-3, WR-2, and BR-2	I-1019-1
Burns	Sheri	Know Who	Email	7/2/2019	<p>Jun 14, 2019</p> <p>EIS Study Team</p> <p>I-11 Tier 1 EIS Study Team c/o ADOT Communications, 1655 W. Jackson Street Mail Drop 126F Phoenix, AZ 85007</p> <p>Dear Study Team,</p> <p>As a national park advocate, I am firmly opposed to locating the proposed I-11 freeway to the west of Tucson on the doorstep of Saguaro National Park and adjacent to other important protected public lands. This is wrong for so many reasons.</p> <p>This "preferred" alternative segment of I-11 would bring noise and congestion to rural valley residents and park visitors. It would pollute the air and degrade the magnificent views from the park and the world-famous Arizona-Sonora Desert Museum. Dark night skies, important to the park's wilderness experience, to the health of wildlife, and to the nearby Kitt Peak Observatory, would be a thing of the past. It is shocking that an important wildlife mitigation area that connects the park to other wildlands to the west would be bisected by this freeway.</p> <p>Once again you are trying to divide communities, just like I10 did to the City of Tucson and the Town of Marana. Tucson Estates, Picture Rocks and the Avra Valley communities may be rural, and if no consequence to you, but there is a long line of generations of families living in this area. Farming, ranching and mining; once the core of the great Southwest, is now being pushed out by what you consider to be progress. We count. We are important, as are our families, our communities and our traditions.</p> <p>I do, however, strongly support the much better and less expensive alternative of co-locating Interstate 11 on existing freeways through Tucson. Due to the condition of the current federal highways, you owe it to the citizens of this great nation to bring the condition of all Federal roads, overpassed and bridges up to an acceptable rating before you consider creating any new freeways that you are unable or unwilling to maintain at an acceptable level. As the State of Arizona and Pima County's roadways are failing, with no hope of real repair or maintenance in sight, they also have no business supporting this craziness, as we all know the next thing will be off ramps to more roads they can not afford to build, maintain or repair.</p>	GlobalTopic_1, GlobalTopic_4, R-2, N-1, N-2, AQ-1, AQ-2, V-1, BR-1, and BR-6	I-1051-1
					<p>Furthermore, with all the concern regarding global warming, the last thing you should be considering is placing more asphalt on the ground, as it heats up the surrounding air considerably and releases gases into the air.</p> <p>All in all, we'd like you to consider using the existing freeways more rationally. Make I10 a truck route through Tucson from 9pm to 4 am. Shut down the existing on and off ramps on I10 in the center of town to streamline traffic. You are smart people, I'm sure you can figure out a better alternative than the current "preferred alternative " through the Avra Valley.</p> <p>Thank you for considering my comment.</p> <p>Sincerely, Sheri Burns XXXXXXXXXXXXXXXXXXXX Tucson, AZ 85743-9734 XXX-XXX-XXXX XXXXX@gmail.com</p>

Ehlers	Heather	National Parks Conservation Association	Email	6/15/2019	<p>Dear Arizona Department of Transportation I-11 Tier 1 EIS Study Team,</p> <p>The currently proposed I-11 corridor (blue route) bisects Gila River area marshland and agricultural fields that birds, like the federally endangered Yuma Ridgway's Rail rely upon. The corridor would interrupt and further divert water and prevent some water from returning to the Gila River, a critical lifeline for Arizona's birds and other wildlife.</p> <p>While I personally think transportation dollars would be better spent adding and improving public transit options between major cities, especially given the copious amounts of research indicating that more roads does not equal less traffic, I recognize that, in Arizona, such ideas are likely to gain little traction. As such, if additional highways must be built, they should be placed with proper consideration to the landscapes they bisect and the lives they may disrupt. We already are a state in dire need of better water management practices; please do not make matters worse with a plan that will further divert much-needed water from wildlife.</p> <p>According to the Draft EIS, the Orange Route that follows existing Highway 85, I-8, and I-10 has the least impact to wildlife and riparian areas. I agree and favor the Orange Route through the Gila River area. Please consider this plan.</p> <p>Sincerely, Heather Ehlers Phoenix, AZ 85032 XXXXX@gmail.com</p>	GlobalTopic_2 and GlobalTopic_4	I- 2123 -1

Fifis	Michael	National Parks Conservation Association	Email	6/13/2019	<p>Dear Arizona Department of Transportation,</p> <p>I write regarding the Tier 1 Draft Environmental Impact Statement for Interstate 11. I do not support the Recommended Alternative route. I support the "no build" alternative. Rather than building another freeway, I recommend ADOT look at 21st century solutions such as rail.</p> <p>The Recommended Alternative would:</p> <ul style="list-style-type: none"> <li>a) interrupt critical wildlife corridors,</li> <li>b) obstruct recovery of threatened and endangered species,</li> <li>c) negatively impact state and local protected public lands, including Saguaro National Park, the Sonoran Desert National Monument, and mitigation lands for Pima County's Section 10 Habitat Conservation Plan (a part of the nationally-recognized Sonoran Desert Conservation Plan),</li> <li>d) adversely impact tourist destinations, and</li> <li>e) degrade air quality in Maricopa, Pinal and Pima counties.</li> </ul> <p>As a resident of Maricopa County whose outdoor activities and exercise regimen are frequently interrupted by air pollution advisories, this last point is of significant personal concern and impact.</p> <p>Please abandon the idea of building another freeway through Arizona! Instead, focus our resources on rail located along I-10 corridor and improvements to existing systems.</p> <p>Sincerely, Michael Fifis XXXXXXXXXXXXXXXXXX Scottsdale, AZ 85266 XXXXX@cox.net XXX-XXX-XXXX</p> <p>This message was sent by KnowWho, as a service provider, on behalf of an individual associated with Sierra Club. Garofalo	Chris	Know Who	Email	7/1/2019	<p>Jul 4, 2019</p> <p>EIS Study Team</p> <p>I-11 Tier 1 EIS Study Team c/o ADOT Communications, 1655 W. Jackson Street Mail Drop 126F  Phoenix, AZ 85007</p> <p>Dear Study Team,</p> <p>The whole point of setting aside lands as designated national parks is so the area will remain as pristine and natural as possible. Putting a freeway right next to one negates the value of doing so and ruins the experience that is so treasured by many people from the United States and abroad.</p> <p>The quiet wilderness experience and the lovely starry nights would be replaced by the noise and pollution of the freeway. This would be a crime. We should be spending more time and energy trying to preserve these special places instead of building bigger highways, encouraging more pollution and destroying the natural beauty of our countryside.</p> <p>Not only would the building of a new hightway so close to the park have a huge "environmental impact," but the emotional toll on country and, I dare say, the world's population as well. If we don't take care of the planet, who will? The damage we have already caused is sickening. Please don't make it worse.</p> <p>Thank you.</p> <p>Sincerely,  CHRIS GAROFALO  XXXXXXXXXXXXXXXXXXXX  Chicago, IL 60613-3602  XXXXX@yahoo.com</p>	GlobalTopic_1, V-1, R-2, N-1	I-277 -1

Hannagan	Tom	National Parks Conservation Association	Email	6/13/2019	<p>Dear Arizona Department of Transportation,</p> <p>I strongly oppose the "Recommended" I-11 route through the Avra Valley. Given the age of ADOT's data and traffic models, I also question the purpose and need for a completely new interstate through the Tucson area. I ask that you pursue the no build alternative and instead invest in the proposal to connect Phoenix and Tucson via improved rail and the EXISTING I-10 corridor.</p> <p>The lands that border the so-called "recommended" are protected public lands. I do not want to sacrifice Saguaro National Park, Sonoran Desert National Monument, Ironwood Forest National Monument for an ill-conceived interstate corridor.</p> <p>The Recommended Alternative in the Draft Environmental Impact Statement (DEIS) would sever important wildlife corridors. This fragmentation would destroy the ability of wildlife species such as desert bighorn sheep to disperse, roam, find new mates, and expand their home ranges. It would also further harm desert tortoise populations, which have been on the verge of being listed on the federal Endangered Species list for some time.</p> <p>Please abandon the Avra Valley I-11 freeway corridor proposal and instead focus on rail and upgrades to existing systems. Thank you for considering my comments. Please keep me apprised of any developments related to the I-11 proposal.</p> <p>Sincerely,</p> <p>Tom Hannagan XXXXXXXXXXXXXXXXXX Marana, AZ 85658 XXXXX@thannagan.com XXX-XXX-XXXX</p> <p>This message was sent by KnowWho, as a service provider, on behalf of an individual associated with Sierra Club. Kalb	Jeffrey	National Parks Conservation Association	Email	6/13/2019	<p>Dear Arizona Department of Transportation I-11 Tier 1 EIS Study Team,</p> <p>The orange route clearly does not take traffic out of central Tucson, which has to be one of the major reasons for the new highway in the first place. It merely adds a new name to a lot of existing roads (I-10, AZ85, and I8). It offers little hope for relief of congestion or a faster passage through Arizona. So what is the purpose? I'm all for preserving wildlife, but it seems to me that blue or green make a lot more sense. Of course, that should be done with as little impact to local wildlife as possible, but, as a Phoenix resident, I can see the long-term consequences in congestion and additional pollution (stop and go traffic) if a bypass is not constructed. I really don't want the Phoenix Metropolitan area to become another L.A. This is a no-brainer.</p> <p>Sincerely, Jeffrey Kalb XXXXXXXXXXXXXXXXXXXX Phoenix, AZ 85042-5757 XXXXX@cox.net</p>	GlobalTopic_4 and PN-3	I-3929 -1
Kennet	Bob	National Parks Conservation Association	Email	6/13/2019	<p>Jun 13, 2019</p> <p>EIS Study Team</p> <p>I-11 Tier 1 EIS Study Team c/o ADOT Communications, 1655 W. Jackson Street Mail Drop 126F Phoenix, AZ 85007</p> <p>Dear Study Team,</p> <p>As a national park advocate, I am firmly opposed to locating the proposed I-11 freeway to the west of Tucson on the doorstep of Saguaro National Park and adjacent to other important protected public lands. This is wrong for so many reasons.</p> <p>This "preferred" alternative segment of I-11 would bring noise and congestion to rural valley residents and park visitors. It would pollute the air and degrade the magnificent views from the park and the world-famous Arizona-Sonora Desert Museum. Dark night skies, important to the park's wilderness experience, to the health of wildlife, and to the nearby Kitt Peak Observatory, would be a thing of the past. It is shocking that an important wildlife mitigation area that connects the park to other wildlands to the west would be bisected by this freeway.</p> <p>I do, however, strongly support the much better and less expensive alternative of co-locating Interstate 11 on existing freeways through Tucson. That makes the most sense especially considering the massive dwindling of undeveloped areas left in the country. It is the undeveloped areas that will help slow down the climate change due to said developments.</p> <p>Thank you for considering my comment.</p> <p>Sincerely, Mr. Bob Kennet XXXXXXXXXXXXXXXXXXXX Oroville, WA 98844-9539 XXX-XXX-XXXX XXXXX@yahoo.com</p>	GlobalTopic_1, GlobalTopic_4, R-2, N-1, N-2, AQ-1, V-1, BR-1, BR-6, and AQ-2	I-4042 -1
Kepner	Susan	National Parks Conservation Association	Email	6/14/2019	<p>Jun 14, 2019</p> <p>EIS Study Team</p> <p>I-11 Tier 1 EIS Study Team c/o ADOT Communications, 1655 W. Jackson Street Mail Drop 126F Phoenix, AZ 85007</p> <p>Dear Study Team,</p> <p>Our National Parks are America's treasures. Our lives are enhanced by "natural experiences. We cannot live on just concrete and black-top!! Visitors come to experience wildlife and "nature"! Every time we encroach upon these lands we take away the beauty, the peacefulness, and the "natural experience"! More roads do NOT add to the tourists experience. As a national park advocate, I am very, very opposed to locating the proposed I-11 freeway to the west of Tucson on the doorstep of Saguaro National Park and close by other important "protected" public lands.</p> <p>This so called "preferred" alternative segment of I-11 will bring noise and congestion to rural valley residents and park visitors. Has anyone talked to the "local" residents? You cannot deny that it would pollute the air and degrade the magnificent views from the park and the world-famous Arizona-Sonora Desert Museum. Dark night skies, important to the park's wilderness experience, to the health of wildlife, and to the nearby Kitt Peak Observatory, would NOT any longer exist!. In other words this park would no longer be something that tourists would want to come to- a big loss to the local economy!! It is alarming that an important wildlife mitigation area that connects the park to other wild lands to the west would be bisected by this freeway. Why would you do this??? Our wildlife is already suffering great habitat loss! If this road is built they will lose habitat, connection to other animals, and food sources.</p>	GlobalTopic_1, GlobalTopic_4, R-2, N-1, N-2, AQ-1, V-1, BR-1, BR-6, and E-2	I-4050 -1

Lester	Cynthia		Email	7/4/2019	<p>Dear Arizona Department of Transportation I-11 Tier 1 EIS Study Team,</p> <p>The currently proposed I-11 corridor (blue route) bisects Gila River area marshland and agricultural fields that birds, like the federally endangered Yuma Ridgway's Rail rely upon. The corridor would interrupt and further divert water and prevent some water from returning to the Gila River, a critical lifeline for Arizona's birds and other wildlife.</p> <p>According to the Draft EIS, the Orange Route that follows existing Highway 85, I-8, and I-10 has the least impact to wildlife and riparian areas. I agree and favor the Orange Route through the Gila River area. Please consider this plan.</p> <p>I am a long time resident of Avra Valley. I write on behalf of all creatures great and small who cannot speak for themselves. No to building through the Avra Valley.</p> <p>Sincerely, Cynthia Lester</p> <p>Sincerely, Cynthia Lester XXXXXXXXXXXXXXXXXX Tucson, AZ 85743-8330 XXXXX@cynthialester.com</p>	GlobalTopic_1, GlobalTopic_2, and GlobalTopic_4	I-4533 -1
Lindeberg	Jean	National Parks Conservation Association	Email	6/13/2019	<p>Dear Arizona Department of Transportation,</p> <p>I am in strong agreement with the Tucson city council and mayor. I am surprised and sickened that this is even being considered given the impact on wildlife and the Desert Museum and Ironwood National Monument!</p> <p>Jean</p> <p>Sincerely, Jean Lindeberg Tucson, AZ 85743 XXXXX@yahoo.com</p>	BR-1, R-2, and GlobalTopic_1	I-4604 -1
Louie	Cameron	National Parks Conservation Association	Email	6/13/2019	<p>Dear Arizona Department of Transportation,</p> <p>I am strongly opposed to your plan to build a highway through Avra Valley. Please understand that when you choose to destroy the wilderness and natural beauty that defines our region, you are diminishing the very thing that makes this place what it is.</p> <p>Please also take into account that you are developing on land immediately adjacent to the Tohono O'odham tribal lands, and it is exactly this kind of development that reflects structural racism and discrimination against the people whose lands we have occupied. We have systematically erased their voices and presence from conversations about how to use the land in this region, and continuing to do so is unacceptable. You can be an ally to the Tohono O'odham and other tribal groups by bringing them into the decision making process more substantially, and by considering your responsibility as stewards of stolen land.</p> <p>I am a member of your community—a born-and-raised Tucsonan—and I am telling you that I would rather suffer some occasional traffic inconvenience than have you build this highway.</p> <p>Instead, please invest the expense of this project into pursuing alternative energy and construction projects that are less damaging to the environment.</p> <p>Sincerely, Cameron Louie Tucson, AZ 85705 XXXXX@gmail.com</p>	GlobalTopic_1, GlobalTopic_13	I-4698 -1

McMahon	Alisa	National Parks Conservation Association	Email	6/13/2019	<p>Dear Arizona Department of Transportation,</p> <p>I support the "no build" alternative along with development of passenger rail that tracks the I-10 corridor between Phoenix and Tucson.</p> <p>We have a serious air quality problem in Metro Phoenix. Vehicle exhaust is a significant contributor to our particulate and ozone pollution. The proposed freeway corridor would further degrade air quality in Metro Phoenix, Pinal County, and Pima County. The slogan of the Maricopa County Air Quality Department is "Clean Air Make More." Building another freeway does not "Make More." It's time to turn to cleaner transportation alternatives that would "Make More," such as rail.</p> <p>I strongly oppose the Recommended Alternative route described in the Tier 1 Draft Environmental Impact Statement for Interstate 11.</p> <p>The Recommended Alternative would sever important wildlife corridors. Such fragmentation would destroy the ability of desert bighorn sheep and other species to disperse, roam, find new mates, and expand their home ranges.</p> <p>The Recommended Alternative would thwart recovery of threatened and endangered species such as the desert tortoise.</p> <p>The Recommended Alternative would negatively impact state and local protected public lands, including Saguaro National Park, the Sonoran Desert National Monument, and mitigation lands for Pima County's Section 10 Habitat Conservation Plan (a part of the nationally-recognized Sonoran Desert Conservation Plan).</p> <p>In sum, instead of the I-11 freeway corridor proposal, please focus on rail and upgrades to existing systems.</p> <p>Thank you for considering my comments. Please keep me informed of future developments.</p> <p>Sincerely, Alisa McMahon XXXXXXXXXXXXXXXXXX Scottsdale, AZ 85266 XXXXX@cox.net XXX-XXX-XXXX This message was sent by KnowWho, as a service provider, on behalf of an individual associated with Sierra Club. McNeil	Shannon	National Parks Conservation Association	Email	6/13/2019	<p>Dear Arizona Department of Transportation,</p> <p>I am writing to express my strong opposition to any plan to build a highway through the Avra Valley west of Tucson.</p> <p>The interstate system already present in Arizona has been shown to be detrimental to many sensitive wildlife species, and this cumulative impact of a new interstate is unnecessary and would further devastate critical desert wildlife.</p> <p>The recommended alternative would also impact the Tohono O'odham Nation, Saguaro National Park, Ironwood Forest National Monument, and Tucson Mountain Park. Public lands are vital refuges for wildlife and people alike, and significantly contribute to the economic health of this region.</p> <p>The recommended alternative also passes dangerously close to the water recharge zone for Tucson. Surely we all agree that water is life and should be protected from unnecessary pollution.</p> <p>This new interstate is not needed or wanted by most people. As a long time resident and lover of southern Arizona I ask that you listen to reason and not greed to protect the land, water, and unique wildlife of this special desert region.</p> <p>Sincerely, Shannon McNeil Tucson, AZ 85719 XXXXX@yahoo.com</p>	GlobalTopic_1, BR-1, R-2, WR-1, and WR-3	I-5157 -1

Meade	Constance		Email	7/4/2019	<p>Dear Arizona Department of Transportation I-11 Tier 1 EIS Study Team,</p> <p>The currently proposed I-11 corridor (blue route) is a terrible idea in many ways. Avra Valley is a beautiful and peaceful area, home to many species of animals and plants, and a strong tourist draw for the Tucson area. It would be completely destroyed if an interstate highway were to run through it.</p> <p>The wildlife corridor would be destroyed. The Desert Museum would be adversely affected, possibly to the point of severely damaging it's ability to draw tourists who bring large amounts of money to the area.</p> <p>Another factor is that the Avra Valley route bisects Gila River area marshland and agricultural fields that birds, like the federally endangered Yuma Ridgway's Rail rely upon. The corridor would interrupt and further divert water and prevent some water from returning to the Gila River, a critical lifeline for Arizona's birds and other wildlife.</p> <p>According to the Draft EIS, the Orange Route that follows existing Highway 85, I-8, and I-10 has the least impact to wildlife and riparian areas. I agree and favor the Orange Route through the Gila River area.</p> <p>Further, the route down I-10 would cost 3 billion dollars less of the taxpayer's money. Additionally, the Avra Valley route will displace hundreds of families and individuals and destroy their homes. Most of the people living in that area are of lower income or living on a fixed income and cannot afford to relocate. Nor should they have to when the I-10 corridor is already there and available!</p> <p>The I-10 corridor is already established, with infrastructure to support it. I join the thousands of people who support placing the I-11 in this area, and am very strongly opposed to running it through Avra Valley, where it will only cause untold and unnecessary destruction.</p> <p>Sincerely, Constance Meade XXXXXXXXXXXXXXXXXXXX Tucson, AZ 85743-9058 XXXXX@yahoo.com</p>	GlobalTopic_1, GlobalTopic_2, BR-1, R-2, and LU-1	I-5169 -1

Michelson	Lorraine	National Parks Conservation Association	Email	6/13/2019	<p>Dear Arizona Department of Transportation I-11 Tier 1 EIS Study Team,</p> <p>I implore you to look to long-range impacts when making a final selection for the new I-11 route and to select the Orange Route.</p> <p>The future for our children and grandchildren requires developing and implementing a strong mind-set to do all we can to preserve and protect the many parts of our natural environment. I understand the choices are difficult, but the long-term consequences of being short-sighted are devastating to maintaining adequate habitat for birds, wildlife, and humans. Please give strong emphasis and rely on the scientific research of decades. If that doesn't move you, then look carefully at the negative impacts humans have had on our world--extinct species, destroyed forests and waterways and lack of viable habitat to sustain wildlife. You have a wonderful opportunity to make a decision to reject a continuation of such destruction.</p> <p>The currently proposed I-11 corridor (blue route) bisects Gila River area marshland and agricultural fields that birds, like the federally endangered Yuma Ridgway's Rail rely upon. The corridor would interrupt and further divert water and prevent some water from returning to the Gila River, a critical lifeline for Arizona's birds and other wildlife.</p> <p>According to the Draft EIS, the Orange Route that follows existing Highway 85, I-8, and I-10 has the least impact to wildlife and riparian areas. Mitchel	John	National Parks Conservation Association	Email	6/13/2019	<p>Dear Arizona Department of Transportation,</p> <p>I'm strongly opposed to any plan to build a new highway through the Avra Valley west of Tucson, and I ask that you avoid this route for several reasons.</p> <p>1) The Interstate 11 recommended alternative would cut through sparsely populated open space and sever critical wildlife corridors. Roadkill caused by the vast increase in vehicle traffic would devastate wildlife, and the resulting urban sprawl would destroy vast swaths of habitat.</p> <p>2) The recommended alternative would pass right next to the Tohono O'odham Nation and such national and regional treasures as Saguaro National Park, Ironwood Forest National Monument, and Tucson Mountain Park. Public lands provide important refuge for wildlife and people alike, and they're a huge contributor to the economic health of our region. Scenic views, air quality, natural quiet, ecotourism and healthy ecosystems — these are the things that we value, and they would all be compromised by the Avra Valley route.</p> <p>3) The recommended alternative passes dangerously close to the land where Tucson recharges and stores water, which could be contaminated by a toxic spill. In an era of increasing drought and decreasing water supplies, risking our water security for a new highway is a terrible idea.</p> <p>4) The need for a new interstate to bypass the city of Tucson has not been well established. Long-term traffic projections are notoriously unreliable, and we're facing a global climate crisis that makes this sort of project even less justifiable. Transportation planners should be doing everything in their power to help us move away from our dependence on fossil fuels. We need forward-thinking solutions, not 20th century proposals that would exacerbate the problem.</p> <p>5) Even if this new interstate could be justified, it would make far more sense to locate the route alongside I-10 through the Tucson metro area. The Avra Valley route would cost \$3.4 billion more to construct, while doing far more damage. The city of Tucson and neighborhoods adjacent to I-10 support the Tucson urban route and oppose the preferred alternative.</p> <p>6) The I-11 proposal claims to address issues arising from increases in population and industry in southern Arizona, but there is no source of water to support those increases, so the argument for I-11 is flawed.</p> <p>Please listen to the people of southern Arizona and shelve the Avra Valley route — a destructive, outdated proposal that would cause far more harm than good.</p> <p>Sincerely, John Mitchel Tucson, AZ 85743 XXXXX@gmail.com</p>	GlobalTopic_1, GlobalTopic_4, BR-2, R-2, V-1, E-2, WR-2, AQ-2, and WR-1	I- 5547 -1
Moehlman	Bruce	National Parks Conservation Association	Email	6/13/2019	<p>Dear Arizona Department of Transportation,</p> <p>I oppose a highway through the Avra Valley. Oslund	Janet	National Parks Conservation Association	Email	6/13/2019	<p>Dear Arizona Department of Transportation,</p> <p>I'm strongly opposed to any plan to build a new highway through the Avra Valley west of Tucson. The people of southern Arizona treasure the beauty of the Avra Valley and the refuges of the Tucson Mountain Park, the Saguaro National Monument, and the many other scenic areas west of Tucson.</p> <p>In addition to creating highway noise and other types of pollution, a highway through that corridor would disrupt the wildlife and would encourage urban sprawl, something we desperately need to avoid as we face an increasingly dire water crisis.</p> <p>Who are the planners in the Transportation Department? Do they have any sense of what the people of southern Arizona want and value? Or are they just bureaucrats sitting up in Phoenix with no real feel or understanding of the geography, culture, and human and animal ecology of the area?</p> <p>This planning debacle reminds me of the time when I was living in a mountain town in Colorado. Planners in remote Denver wanted to consolidate two school districts because, on the political map, the two towns appeared close together. What they failed miserably to realize was that there were steep mountains in between that are impassable in the winter due to the weather conditions at 13,000 feet!</p> <p>Please take our concerns seriously and don't forever ruin Avra Valley.</p> <p>Sincerely, Janet Oslund Tucson, AZ 85704 XXXXX@gmail.com</p>	GlobalTopic_1, R-2, N-1, BR-1, and LU-3	I-5811 -1

Jackson Street Mail Drop 126F Phoenix, AZ 85007</p> <p>Dear Study Team,</p> <p>As a national park advocate, I am firmly opposed to locating the proposed I-11 freeway to the west of Tucson on the doorstep of Saguaro National Park and adjacent to other important protected public lands. This is wrong for so many reasons.</p> <p>Areas of silence and dark skies are rapidly disappearing around the world. Those that remain must be fiercely protected. The proposal of a placement of a highway near this gem of peace, quiet and starlight is a shortsighted and permanently destructive one. It is as threatening to our national heritage as would be the proposal to raze the Lincoln memorial.</p> <p>I do, however, strongly support the much better and less expensive alternative of co-locating Interstate 11 on existing freeways through Tucson.</p> <p>Thank you for considering my comment.</p> <p>Sincerely,</p> <p>Ms. Marina Penalver XXXXXXXXXXXXXXXXXXXX Peaks Island, ME 04108-1140 XXX-XXX-XXXX XXXXX@gmail.com</p>	GlobalTopic_1, GlobalTopic_4, R-2, and V-1	I-5976 -1
Peterson	Dave		Email	7/4/2019	<p>Dear Arizona Department of Transportation,</p> <p>I'm strongly opposed to any plan to build a new highway through the Avra Valley west of Tucson, and I ask that you avoid this route. There are less-expensive actions that can be taken along the existing I-19 / I-10 corridor to accommodate the proposed traffic increase, such as providing incentives for truckers to travel at night, double-decking the urban parts of I-10 through Tucson, and more. Creating a parallel Interstate to move traffic between the same two points as an existing route is wasteful.</p> <p>Thank you.</p> <p>Sincerely, Dave Peterson Tucson, AZ 85712 XXXXX@gmail.com</p>	GlobalTopic_1 and GlobalTopic_4	I-6021 -1

Pinela	Tia	National Parks Conservation Association	Email	6/13/2019	<p>Dear Arizona Department of Transportation,</p> <p>Do not build a new highway through the Avra Valley west of Tucson! You must avoid this route for several reasons:</p> <ol style="list-style-type: none"> <li>1) It would cut through and sever critical wildlife corridors. Roadkill from the increase in vehicle traffic would devastate wildlife, and urban sprawl would vastly destroy habitat.</li> <li>2) It would pass right next to Saguaro National Park, Ironwood Forest National Monument, and Tucson Mountain Park. These public lands provide important refuge for wildlife and must be preserved and protected. Scenic views, air quality, natural quiet, ecotourism and healthy ecosystems would all be damaged by the Avra Valley route.</li> <li>3) It passes dangerously close to Tucson's water storage, which could be contaminated by a toxic spill. With increasing drought and decreasing water supplies, risking our water for a new highway is utterly unacceptable.</li> <li>4) There is no need for a new interstate to bypass the city of Tucson.</li> <li>5) It would be much better to locate the route alongside I-10 through the Tucson metro area. That area needs better freeway access. The Avra Valley route would cost \$3.4 billion more to construct, and do far more damage. Tucson and the neighborhoods adjacent to I-10 support the Tucson urban route and oppose the preferred alternative.</li> </ol> <p>Please listen to the people of southern Arizona and abandon the Avra Valley route. It is a destructive, outdated proposal that would cause far more harm than good.</p> <p>Sincerely, Tia Pinela Sahuarita, AZ 85629 XXXXX@icloud.com</p>	GlobalTopic_1, WR-1, WR-2, BR-2, LU-3, R-2, V-1, AQ-1, GlobalTopic_4	I-6085 -1
Post	Dianne	National Parks Conservation Association	Email	6/13/2019	<p>Dear Arizona Department of Transportation,</p> <p>I strongly oppose the Recommended Alternative route described in the Tier 1 Draft Environmental Impact Statement for Interstate 11 and question the purpose and need for this harmful proposal. I ask that you pursue the no build alternative and instead invest in the proposal to connect Phoenix and Tucson via passenger rail, tracking the I-10 corridor.</p> <p>I ride it when ever I can both in Phoenix and the AMTRAC. It is so convenient, so useful, so economical, so environmentally friendly, it is insane to ignore this. We are decades behind the rest of the world in rail travel. What is wrong with us?</p> <p>Please abandon the I-11 freeway corridor proposal and instead focus on rail and upgrades to existing systems. Thank you for considering my comments. Please keep me apprised of any developments related to the I-11 proposal.</p> <p>Sincerely,</p> <p>Dianne Post XXXXXXXXXXXX Phoenix, AZ 85006 XXXXX@aol.com XXX-XXX-XXXX</p> <p>This message was sent by KnowWho, as a service provider, on behalf of an individual associated with Sierra Club. Potter	Dave	National Parks Conservation Association	Email	6/13/2019	<p>Jun 15, 2019</p> <p>EIS Study Team</p> <p>I-11 Tier 1 EIS Study Team c/o ADOT Communications, 1655 W. Jackson Street Mail Drop 126F Phoenix, AZ 85007</p> <p>Dear Study Team,</p> <p>National Parks are, all totaled, small places that give joy to a great many of Americans and foreigners year after year, decades. Means big economic boosts locally as well as benefits to visitors.</p> <p>It is totally wrong to degrade parks, and specifically Saguaro National Park, but building a noisy, air polluting, sprawl encouraging freeway right next to it. This is WRONG land use.</p> <p>Please do what is right for most Americans and the people of Arizona. Buck various pressures and place the freeway a long distance, 2-4 miles, away from the peaceful, pretty Monument.</p> <p>Your action will impact this Park for all time. Please do the right thing now! Do not be the person or group that causes permanent degradation to occur. Please buck the short-term money interests. Keep the highway away from the National Monument.</p> <p>Thanks.</p> <p>Sincerely, Mr. Dave Potter XXXXXXXXXXXXXXXXXXXXX Klamath Falls, OR 97603-7729 XXX-XXX-XXXX XXXXX@yahoo.com</p>	R-2, N-1, AQ-1, LU-3, GlobalTopic_4	I-6173 -1
Randolph	Rebecca	National Parks Conservation Association	Email	6/13/2019	<p>Jun 13, 2019</p> <p>EIS Study Team</p> <p>I-11 Tier 1 EIS Study Team c/o ADOT Communications, 1655 W. Jackson Street Mail Drop 126F Phoenix, AZ 85007</p> <p>Dear Study Team,</p> <p>I love our national parks, and I love visiting Tucson with its beautiful open desert and mountain areas. Thus I would hate to see the proposed I-11 freeway being built adjacent to Saguaro National Park and other protected public lands.</p> <p>It is my understanding that there is a much better and less expensive alternative that would involve co-locating Interstate 11 on existing freeways through Tucson. That alternative is what I would prefer.</p> <p>If I-11 were to be built alongside Saguaro National Park, air pollution would increase significantly, threatening the fragile desert flora and fauna and casting haze onto the beautiful vistas. Rural valley residents and park visitors would experience much greater noise and congestion along with the pollution. The wildlife mitigation area that connects the park to other wildlands to the west would be bisected by this freeway, further stressing wildlife populations that are already threatened by wall building south of the area, along the border. Building another freeway in this area would further threaten dark night skies, which are so rare these days, detracting from the peaceful, almost spiritual feeling that draws me to the area.</p> <p>As a side note, running the proposed I-11 just west of the Saguaro National Park would also impinge on other favorite attractions in the Tucson area, such as the Arizona-Sonora Desert Museum and Kitt Peak Observatory.</p>	GlobalTopic_1, GlobalTopic_4, R-2, N-1, N-2, AQ-1, V-1, BR-1, BR-6, and PN-3	I-6295 -1
					<p>In sum, I am strongly opposed to building a new highway alongside Saguaro National Park. I do, however, support the much better and less expensive alternative of co-locating Interstate 11 on existing freeways through Tucson.</p> <p>Thank you for considering my comment.</p> <p>Sincerely, Ms. Rebecca Randolph XXXXXXXXXXXXXXXXXXXXX Escondido, CA 92029-6713 XXXXX@cox.net</p>

Rooth	Sherry		Email	7/4/2019	<p>Dear Arizona Department of Transportation,</p> <p>I'm strongly opposed to any plan to build a new highway through the Avra Valley west of Tucson, and I ask that you avoid this route for several reasons.</p> <ol style="list-style-type: none"> <li>1). My husband and I purchased 9 acres along S. Sandario Road in 2010 to secure our retirement home. This property will allow us to have the horses, dogs and peaceful living we purchased it for. We needed to get away from freeway noise, congestion and pollution. If this interstate goes in we will be forced to move and will never get our money back out of the property that we've put into it. It would ruin us!</li> <li>2). The Saguaro Nat'l. Park West is a cherished park full of wild animals and beautiful hiking, scenery to enjoy. This interstate would ruin the integrity of the park and all it's inhabitants.</li> <li>3). My neighbors all purchased their properties (4.36 lots mostly) in order to be living near the parks and away from "city" style living. Bringing an interstate through this area will force so many of us to relocate as the end of our dirt road is Sandario where I-11 would run. Can you imagine living right next to an interstate with large trucks zipping by at 50+ mph????? No one wants this interstate!!!!</li> </ol> <p>If the interstate goes through it would be mean leaving Tucson and heading elsewhere. Please do not allow this work to get started. Southwest Tucson is a "way of life" for all of us out here and why we chose to live where we do.</p> <p>Sincerely, Sherry Rooth Tucson, AZ 85735 XXXXX@centurylink.net</p>	GlobalTopic_1	I-6597 -1

Sanderson	Melissa	National Parks Conservation Association	Email	6/13/2019	<p>Dear Arizona Department of Transportation I-11 Tier 1 EIS Study Team,</p> <p>The currently proposed I-11 corridor (blue route) bisects Gila River area marshland and agricultural fields that birds, like the federally endangered Yuma Ridgway's Rail rely upon. The corridor would interrupt and further divert water and prevent some water from returning to the Gila River, a critical lifeline for Arizona's birds and other wildlife.</p> <p>To facilitate passenger traffic I personally support a high-speed train connection linking Phoenix and Tucson, and eventually Flagstaff. This would have the least environmental impact and be by far the most sustainable.</p> <p>However, knowing that train issues are outside your Agency's purview, and given both Arizona's increasing population and our desire to attract more commercial traffic, I accept the need for a new highway. However, the so-called blue option would be devastating to wildlife and also impact water flows. Therefore, the least bad choice is the so-called Orange route, and I can support that one.</p> <p>According to the Draft EIS, the Orange Route that follows existing Highway 85, I-8, and I-10 has the least impact to wildlife and riparian areas. I agree and favor the Orange Route through the Gila River area. Please consider this plan.</p> <p>Sincerely, Melissa Sanderson XXXXXXXXXXXXXXXXXXXX Phoenix, AZ 85004-1372 XXXXXX@yahoo.com</p>	GlobalTopic_2, AC-9, GlobalTopic_4, and WR-1	I-6772 -1
Schandelmaier	Krissa		Email	7/4/2019	<p>Jun 16, 2019</p> <p>EIS Study Team</p> <p>I-11 Tier 1 EIS Study Team c/o ADOT Communications, 1655 W. Jackson Street Mail Drop 126F Phoenix, AZ 85007</p> <p>Dear Study Team,</p> <p>Please do not approve the proposed I-11 freeway west of Tucson going to Saguaro National Park and very close to other protected public lands.</p> <p>Protected lands are designated so for a reason. I don't need to tell you that. But sadly, it seems I do need to appeal to you to not allow this proposed freeway to happen.</p> <p>I live in New York now, but am a Hoosier (IN) and so I'm not just writing to a far away state that I have no idea about what goes on there. States like Arizona, Indiana and countless others who have protected lands must take protections seriously. I hope you will do so.</p> <p>There is a viable, probably better, and less expensive alternative to co-locate Interstate 11 on existing freeways through Tucson. This is the best option not only for the environment and wildlife, but for the taxpayers, too.</p> <p>Thank you for considering my comment.</p> <p>Sincerely, Mrs. Krissa Schandelmaier XXXXXXXXXXXXXXXXXXXX Brooklyn, NY 11205-3571 XXX-XXX-XXXX XXXXXX@gmail.com</p>	GlobalTopic_1, R-2, GlobalTopic_4	I-6836 -1
Simpson	Hyatt	National Parks Conservation Association	Email	6/20/2019	<p>Dear Arizona Department of Transportation I-11 Tier 1 EIS Study Team,</p> <p>My preferred option is for you to stop building roads and use the RAILROAD, a much less disruptive and more environmentally responsible way to achieve the goal of moving commercial goods going north. Also more sensible in terms of resources to do it. But since I know ADOT is all about building roads, I will comment on your preferred corridor as follows.</p> <p>The currently proposed I-11 corridor (blue route) bisects Gila River area marshland and agricultural fields that birds, like the federally endangered Yuma Ridgway's Rail rely upon. The corridor would interrupt and further divert water and prevent some water from returning to the Gila River, a critical lifeline for Arizona's birds and other wildlife.</p> <p>According to the Draft EIS, the Orange Route that follows existing Highway 85, I-8, and I-10 has the least impact to wildlife and riparian areas. I agree and favor the Orange Route through the Gila River area. Please consider this plan.</p> <p>Sincerely, Hyatt Simpson XXXXXXXXXXXXXXXXXXXX Tucson, AZ 85749-8233 XXXXXX@gmail.com</p>	AC-9, PN-3, GlobalTopic_2, and GlobalTopic_4	I-7172 -1

Small	Ricardo	National Parks Conservation Association	Email	6/13/2019	<p>Jun 13, 2019</p> <p>EIS Study Team</p> <p>I-11 Tier 1 EIS Study Team c/o ADOT Communications, 1655 W. Jackson Street Mail Drop 126F Phoenix, AZ 85007</p> <p>Dear Study Team,</p> <p>The preferred location for I-11 west of Tucson is THE worst one. It will be much better to run I-11 along I-10. Simply put: widen existing freeways, do NOT locate new freeways through beautiful country that will not be able to sustain the environmental destruction of a new alignment.</p> <p>Sincerely,</p> <p>Mr. Ricardo Small XXXXXXXXXXXXXXXXXXXX Albany, OR 97321-9379 XXX-XXX-XXXX XXXXX@comcast.net</p>	GlobalTopic_1 and GlobalTopic_4,	I- 7227 -1
Smith	Bradley	National Parks Conservation Association	Email	6/13/2019	<p>Dear Arizona Department of Transportation,</p> <p>I strongly oppose the Recommended Alternative route described in the Tier 1 Draft Environmental Impact Statement for Interstate 11 and question the purpose and need for this harmful proposal. I ask that you pursue the no build alternative and instead invest in the proposal to connect Phoenix and Tucson via passenger rail, tracking the I-10 corridor.</p> <p>The lands that border this proposed I-11 corridor are treasured and protected public lands, as well as iconic tourist attractions that will be irreparably harmed by a nearby freeway. We cannot afford to sacrifice Saguaro National Park, Sonoran Desert National Monument, and the many state and local protected public lands that would be affected negatively by this proposed freeway corridor.</p> <p>The Recommended Alternative in the Draft Environmental Impact Statement (DEIS) would sever important wildlife corridors. This fragmentation would destroy the ability of wildlife species such as desert bighorn sheep to disperse, roam, find new mates, and expand their home ranges. It would also further harm desert tortoise populations, which have been on the verge of being listed on the federal Endangered Species list for some time.</p> <p>Some of the lands and wildlife habitat that would be negatively affected by the Recommended Alternative route include mitigation lands for Pima County's Section 10 Habitat Conservation Plan, a part of the nationally-recognized Sonoran Desert Conservation Plan. This is contrary to what the public would like to see and would take us backwards with our work to recover threatened and endangered species.</p>	PN-3, AC-6, R-2, BR-1, BR-2, LU-5, AQ-1, AC-9, GlobalTopic_1, and GlobalTopic_4	I- 7243 -1

					<p>The proposed freeway corridor will contribute to further degradation of air quality in the Phoenix area, Pinal County, and Pima County. These areas already suffer from high pollution days related to excessive particulates and/or ozone. With the induced travel that a freeway brings, we will see more of these pollutants, taking us farther away from our healthy air quality goals.</p> <p>The I-11 highway proposal reminds me of a Star Trek set I went on. There were tubes in the corridor labeled GNDN. The set designers had labeled them as such because it stood for Goes Nowhere, Does Nothing. Same as the I-11 highway being planned. The rail system would advance Arizona to the level of recognizing the problem rather than adding to the problem of too many cars. It will reduce accidents also rather than add to them.</p> <p>Please abandon the I-11 freeway corridor proposal and instead focus on rail and upgrades to existing systems. Thank you for considering my comments. Please keep me apprised of any developments related to the I-11 proposal.</p> <p>Sincerely,</p> <p>Bradley Smith XXXXXXXXXXXXX Cochoise, AZ 85606 XXXXX@yahoo.com XXX-XXX-XXXX</p> <p>This message was sent by KnowWho, as a service provider, on behalf of an individual associated with Sierra Club. Please contact Lillian Miller at core.help@sierraclub.org or (415) 977-5500 for more information.</p>

Williams	Arty		Email	7/4/2019	<p>Dear Arizona Department of Transportation,</p> <p>I'm strongly opposed to any plan to build a new highway through the Avra Valley west of Tucson, and I ask that you avoid this route for several reasons.</p> <p>1) The Interstate 11 recommended alternative would cut through sparsely populated open space and sever critical wildlife corridors. Roadkill caused by the vast increase in vehicle traffic would devastate wildlife, and the resulting urban sprawl would destroy vast swaths of habitat.</p> <p>2) Arizona is home to over 40 animal and 20 plant species listed by the Federal Government as threatened or endangered. Some of these species are in Pima County and by their very nature, will generally be found in sparsely populated areas such as along the proposed route for this highway. This highway as proposed poses significant risks to these species and other species of concern in and around the Sonoran desert.</p> <p>3) The recommended alternative would pass right next to the Tohono O'odham Nation and such national and regional treasures as Saguaro National Park, Ironwood Forest National Monument, and Tucson Mountain Park. Public lands provide important refuge for wildlife and people alike, and they're a huge contributor to the economic health of our region. Scenic views, air quality, natural quiet, ecotourism and healthy ecosystems — these are the things that we value, and they would all be compromised by the Avra Valley route.</p> <p>4) The recommended alternative passes dangerously close to the land where Tucson recharges and stores water, which could be contaminated by a toxic spill. In an era of increasing drought and decreasing water supplies, risking our water security for a new highway is a terrible idea.</p> <p>5). Even in the absence of any toxic spills, the oils and pollutants that will run off of this large impermeable surface during monsoon seasons, will harm the fragile environment and its flora and carry pollutants great distances in flood waters.</p>	<p>GlobalTopic_1, BR-2, LU-3, BR-4, R-2, E-2, V-1, AQ-1, WR-2, WR-3, GlobalTopic_4, and AQ-2</p>	I-8477 -1
					<p>6) The area West of the Tucson mountains is currently an area unaffected by light pollution. This offers many opportunities for night sky study by local people and tourists alike. A major highway would result in significant light pollution which would negatively impact these human activities. At the same time, light pollution could have a significant negative impact on night time activities of the wildlife in the area.</p> <p>7) The need for a new interstate to bypass the city of Tucson has not been well established. Long-term traffic projections are notoriously unreliable, and we're facing a global climate crisis that makes this sort of project even less justifiable. Transportation planners should be doing everything in their power to help us move away from our dependence on fossil fuels. We need forward-thinking solutions, not 20th-century proposals that would exacerbate the problem.</p> <p>8) Even if this new interstate could be justified, it would make far more sense to locate the route alongside I-10 through the Tucson metro area. The Avra Valley route would cost \$3.4 billion more to construct, while doing far more damage. The city of Tucson and neighborhoods adjacent to I-10 support the Tucson urban route and oppose the preferred alternative.</p> <p>Please listen to the people of southern Arizona and shelve the Avra Valley route — a destructive, outdated proposal that would cause far more harm than good.</p> <p>Sincerely, Arty Williams Tucson, AZ 85743 XXXXX@verizon.net</p>		
Williams	Philip	National Parks Conservation Association	Email	6/13/2019	<p>Dear Arizona Department of Transportation,</p> <p>I'm strongly opposed to any plan to build a new highway through the Avra Valley west of Tucson, and I ask that you avoid this route for several reasons.</p> <p>1) The Interstate 11 recommended alternative falls on top of the water storage and recovery system used by Tucson, Avra Valley and parts of Phoenix as their water supply. This water storage and recovery systems was built at great expense to the people of Arizona and was sited specifically in a remote and pristine area because the system relies on open canals and water recharge ponds to replenish ground water system which are then used to supply water to the region. Placing a major interstate highway on top of this water system will pollute it with highway runoff of petroleum products and other toxic substances that will work their way into the ground water.</p> <p>2) The recommended alternative would pass right next to the Tohono O'odham Nation and Saguaro National Park, Ironwood Forest National Monument, and Tucson Mountain Park. These lands provide important refuge for wildlife and people alike, and they're a huge contributor to the economic health of our region. Scenic views, air quality, natural quiet, ecotourism and healthy ecosystems — these are the things that we value, and they would all be compromised by the Avra Valley route. Moreover these resources have been preserved for future generations to enjoy so that they may understand the delicate desert ecosystem.</p> <p>3) The need for a new interstate to bypass the city of Tucson has not been well established. But if it had been; recent studies have proven that placing such a highway on top of the existing I-10 corridor as it passes through the area east of the Tucson mountains is shorter, safer, and less costly by a factor of BILLIONS of dollars as compared to other suggest routes. Moreover the existing I-10 corridor could be constructed as an elevated highway that would provide for express lanes for the propose CAMEX commercial traffic while separating local traffic to the lower levels of the roadway. No lands would have to be taken for this option; but more importantly all of the travel services necessary to support such a highway are already in place on the I-10 corridor (food, fuel, hotels, etc.) are all present. Any other option would require construction of such facilities thus spreading the impacts off any other route far beyond the projections provided to the public to date.</p>	<p>GlobalTopic_1, WR-1, WR-3, R-2, BR-1, E-2, V-1, AQ-1, and GlobalTopic_4</p>	I-8476 -1
					<p>4) I am hold degrees in Park Management and land us planning. In light of all of the negatives the Avra Valley proposal represents in both of these areas of study; the decision to place this highway in that location may be the worst land use decision I have ever seen. This is particularly true in light of the fact that that a less expensive and far less impactful alternative already exists. To destroy major elements of the very things that support a city in the rush to provide support for the economies of Mexico and Canada is simply wrong. The citizens of Tucson and in particular Avra valley are being targeted to bear all the indemnities of this project and none of the benefits.</p> <p>In closing I ask you to remove the Avra Valley routing for this highway for all consideration for this project. The are is totally unsuited for this use as demonstrated by the painfully corked routing that is propoed to thread the road between all of the protected areas along the route. But the truth is that highways of this kind are nothing more or less than long thin toxic waste sites polluted by oil, fuel, exhaust particulates, rubber particles for tires and chemicals spilled in accidents along their length. this fact alone points to the fact that narrowly missing a valuable resource with convoluted routing will not protect these resources.</p> <p>Sincerely, Philip Williams Tucson, AZ 85743 XXXXX@gmail.com</p>

Zierikzee	R.	National Parks Conservation Association	Email	6/13/2019	<p>Jun 13, 2019</p> <p>EIS Study Team</p> <p>I-11 Tier 1 EIS Study Team c/o ADOT Communications, 1655 W. Jackson Street Mail Drop 126F  Phoenix, AZ 85007</p> <p>Dear Study Team,</p> <p>Saguaros may go extinct due to climate change. Cars burning oil on freeways will contribute to their (and our) demise. This does not seem wise. Please reconsider. There must be a better alternative.</p> <p>As a national park advocate, I am firmly opposed to locating the proposed I-11 freeway to the west of Tucson on the doorstep of Saguaro National Park and adjacent to other important protected public lands. This is wrong for so many reasons.</p> <p>This "preferred" alternative segment of I-11 would bring noise and congestion to rural valley residents and park visitors. It would pollute the air and degrade the magnificent views from the park and the world-famous Arizona-Sonora Desert Museum. Dark night skies, important to the park's wilderness experience, to the health of wildlife, and to the nearby Kitt Peak Observatory, would be a thing of the past. It is shocking that an important wildlife mitigation area that connects the park to other wildlands to the west would be bisected by this freeway.</p> <p>I do, however, strongly support the much better and less expensive alternative of co-locating Interstate 11 on existing freeways through Tucson.</p> <p>Thank you for considering my comment.</p> <p>Sincerely,  Ms. R.
