1 # E5 INTRODUCTION

2 Appendix E5 supports the environmental justice and limited English proficiency analysis
3 contained in Section 3.5 of this Draft Tier 1 Environmental Impact Statement. The tables within
4 Appendix E5 contain demographic data obtained from the United States Census Bureau.

5 **Table E5-1** Minority, Low Income, and Limited English Proficiency Demographics by Census
6 Tract contains the raw census data for minority and low-income populations as well as limited
7 English proficiency. The geographic unit for the data in this table is Census Tracts. All Census
8 Tracts within the Corridor Study Area (Study Area) are reported. County and Statewide Data
9 can be found at the end of the table.

10 **Table E5-2** Minority, Low Income, and Limited English Proficiency Demographics by Census
11 Designated Place contains the same demographic data sourced from the Census as **Table E5-1**,
12 except the geographic unit for this data is reported by Census Designated Place County and
13 Statewide Data can also be found at the end of the Table.

14 **Table E5-3** Languages Spoken by Limited English Proficiency Populations by Census
15 Designated Place contains demographic data on the language groups within the Study Area,
16 reported by Census Designated Place. The data captures populations that "speak English less
17 than very well." A Total of 39 languages are listed with number of persons within a Census
18 Designated Place speaking those languages and the percentage of the total population those
19 individuals constitute.
